

SOLINK SOFTWARE DEVELOPER INTERNSHIP

Overview:

SOLINK is looking for a young software development intern with a passion for software development & renewable energy to join our team in Black River Office Park, Cape Town from 01 August 2022.

About us/Company description:

SOLINK is a specialized solar consultancy that aims to make the purchasing of solar or solar battery systems, whether through financed options or direct capital investment, as simple, efficient, and risk-free for the client as possible. SOLINK has extensive knowledge of all the major suppliers in the market, latest technologies, current legislation, and legal requirements, as well as system construction and financing costs. SOLINK assesses the business case, structures and runs the procurement process, manages the legal contracts required to appoint suppliers, and oversees the project construction. Once constructed, SOLINK independently monitors system performance to ensure optimal outputs in line with the agreed energy guarantees.

What you will be doing:

- Supporting and developing the solar procurement portal
- Supporting and developing SOLINK operations platform
- Building internal tooling for process automation (through Google IDE)

What is in it for you:

- Work with experienced software developers
- Exposure to the growing embedded solar market in South Africa
- Introduction to tools and processes used in the renewable energy market
- Work in a creative role - lots of scope to create new processes
- Networking in the RSA renewable-energy space
- Remuneration: R900–1250/day

Tech stack:

- **Required**
 - React
 - JavaScript (Node. js)
 - HTML and CSS
- **Beneficial**
 - Pytest
 - Familiarity with Github
 - Experience with AWS
 - Python + Django

- Sql
- Tailwind
- Heroku
- Google app script environment

Qualification

- Bachelor's degree, or portfolio of work available for viewing

Physical requirements:

- Own transport
- Laptop
- Reside in Cape Town or immediate surrounds
- Committed to a minimum of 2 days of work per week in the office

Contact details:

If you have a passion for renewables and think SOLINK might be a good fit for you, send your CV to info@solink.co.za before Thursday 30 June 2022.
