

Commercial Acoustic, Noise and Vibration Technology Specialists

Graduate Acoustic Consultant with one of the UK & SA's most successful acoustic consultancies at our Johannesburg office.

Life at SRL

SRL is a renowned consultancy, which for over 50 years has provided a comprehensive service to all our clients. We are increasingly busy thanks to our strong client relationships, market understanding and recognising new opportunities. We have ongoing projects in all the major sectors.

SRL is about more than just work. We value our staff and work hard to make you love being here. We will provide a proven training scheme to answer your questions and build your skills in all areas.

You'll be surprised how quickly you are able to contribute to our projects and be a valuable acoustician. The work is varied and interesting. You will travel, but also be with the team much of the time.

Job requirements:

You will be a good communicator, able to present yourself clearly and concisely. You will also be keen to develop client relationships. You will be flexible, having the ability to adapt to dynamic situations whilst remaining effective and focussed on achieving your goals. You will be resourceful and imaginative when faced with challenges, be that in the office or on site. And you must be able to enjoy yourself, both at work and play!

You will have a relevant engineering/science qualification and a full SA driving licence. We will provide training and varied stimulating work. You will enjoy a proven career progression programme.

You will spend one month training at our Cape Town office, then 3 months at our UK head office and laboratory. You will then be based at our Johannesburg office in Bryanston.

Why work for SRL?

We offer:

- Strong ties with our UK company, with opportunities for transfers and secondments throughout the UK.
- Flexible working arrangements and hours
- **5 weeks holiday**
- Sports club membership (contribution)
- Training scheme leading to Professional Engineer (SA) or Chartered Engineer (UK)

To apply, please send your CV to Andrew at awade@srlsa.co.za by Friday 17 February 2023.
