PROCUREMENT ENGINEER

GRW is a leading South Africa-based transport equipment designer, manufacturer, and service provider of a wide range of quality, cutting-edge tankers, and trailers.

We are looking for an energetic young mechanical engineer to join our procurement and supply chain team. A technically minded individual is required to assist with strategic sourcing projects, drive continuous improvement initiatives, and support our buyers with technical matters.

Principal duties and responsibilities:

- Assisting the procurement team with technical matters
- Executing strategic sourcing projects
- Identifying opportunities for improvement
- Supporting the internal supply chain team

Requirements:

- Four-year university degree in Mechanical Engineering
- No experience required - experience in a manufacturing environment would be advantageous.

Competencies required:

- Analytical & problem-solving skills
- Technically minded
- Proactive and initiative
- Attention to detail
- Assertive
- Planning and organising
- Punctuality
- Teamwork
- Conflict management
- Pressure management

Please send a detailed CV with your latest academic record and salary expectations to erik@grw.co.za. Applications must be submitted before or on 24 March 2023.

If you have not heard from us within two weeks of the closing date, please consider your application as unsuccessful. GRW Engineering (PTY) Ltd reserves the right to withdraw this position at any stage of the recruitment process, if deemed necessary.
