Job Title: Design Engineer

Job Description:

We are looking for a highly motivated Design Engineer to join our team. The ideal candidate will have a strong understanding of engineering principles and CAD software, as well as the ability to work independently and as part of a team.

Responsibilities:

- Design new products and processes
- Create models and drawings using CAD software
- Analyze client needs and translate that into solutions.
- Drive the manufacturing process
- Ensure compliance with industry safety standards
- Maintain accurate records

Qualifications:

- Bachelor's degree in Mechanical or Mechatronic Engineering (Final Year students graduating in December 2023 also welcome)
- Strong understanding of CAD software (Autodesk Inventor)
- Excellent problem-solving and analytical skills
- Ability to work independently and as part of a team
- Attention to detail and accuracy

If you are a highly motivated and experienced Design Engineer who is looking for a challenging and rewarding opportunity, we encourage you to apply.

To apply, please submit your resume and cover letter to jpkotze@tfdesign.co.za

Closing: 1 September 2023

We look forward to hearing from you!

Regards,

Johan Kotzé
