Job Description

Cape Town (Hout Bay) based consulting company requires a graduate Materials / Mechanical Engineer. Good knowledge of engineering fundamentals (stress analysis), design, materials (processing techniques, microstructure, heat treatment and corrosion) and English literacy prerequisite.

Experience/knowledge in

- i) offshore/marine industry*
- ii) metallurgy*
- iii) product design (electro mechanical)*

will be beneficial.

Valid passport, no criminal record and good health requisite.

Position will afford significant learning potential, and can be full or part time, depending on the right candidate.

Please forward synopsis of CV plus transcript of academic results to info@origen.co.za
